Lafeer Himasha

I am a Motivated and detail-oriented HNDIT student with hands-on experience in developing dynamic and responsive web applications using PHP, MySQL, HTML, CSS, and JavaScript. Proven ability to design and implement full-stack solutions through academic and freelance projects. Passionate about delivering clean, user-friendly interfaces and efficient backend systems. Eager to contribute to a forward-thinking organization through an internship or entry-level role while expanding technical and collaborative skills.

EDUCATION

Sri Lanka Institute of Advanced Technological Education, Ratnapura — *Higher National Diploma in Information Technology* **2023 - 2025**

Comprehensive diploma program focused on software development, database management, web technologies, and IT project management. Emphasized practical application of programming and system analysis.

CERTIFICATIONS

- ❖ Computer Hardware and Networking Basic - EAST WEST Computer Studies
- ❖ Database Management with Microsoft Access - EAST WEST Computer Studies

LANGUAGES

1. English
2. Sinhala
3. Tamil

SKILLS

● **Programming Languages**: Java, C#, PHP, JavaScript, HTML, CSS, SQL.

● **Web & Application Developmen**t: Full-Stack Development, Laravel, .NET, Responsive Design, Front-End & Back-
End Development.

● **Database Management**: MySQL, SQL Server, MS Access, Database Design, XAMPP.

● **Software Engineering & QA**: Object-Oriented Programming (OOP), SDLC, Test Case Design, Software Testing
(Manual & Automated), Bug Reporting, Test Planning.

● **Software Testing Tools**: Selenium, Apache JMeter, JIRA (Basic).

● **Tools & IDEs**: Visual Studio, VS Code, IntelliJ IDEA, NetBeans.

● **Version Control & APIs**: Git, GitHub, GitLab, API Development & Integration

● **Operating Systems & Networking**: Windows OS, Computer Networking, Data Communication, Information
Security Fundamentals.

● **Project Management & Methodologies**: Agile, Scrum (Basic), Requirement Gathering, Use Case Design, UML
Diagrams, System Analysis & Design.

● **Business & Technical Documentation**: Technical Writing, Report Preparation, Flowcharts, Excel Reporting,

Presentation Design.

● **UI/UX & Design**: UI Design Principles, Wireframing, Responsive Web Design, Usability Testing.

● **Communication & Collaboration**: Client Interaction, Teamwork, Professional Ethics, Time & Task Management.

PROJECTS

1. Flora – E-commerce Platform for Fresh Flowers
2025 (on going)
- Developed an online store for selling fresh flowers with product listings and cart system
- Implemented admin panel for inventory management
- Built using PHP, MySQL, HTML, CSS, and JS

2. FixItNow – Digital Complaint Management System
2025
- Web system for users to submit and track community complaints
- Features include role-based access (user/admin) and status tracking
- Developed full-stack with PHP and MySQL

3. Swastha – Ayurvedic E-commerce Platform
2025
- Ayurvedic product listing with shopping cart and secure checkout
- Admin controls for managing products and user orders
- Built with responsive design using Bootstrap and PHP

4. Life Flow – Blood Bank Management System (Hospital Use)
2025
- Backend system to manage donors, blood inventory, and hospital requests
- Secure database for tracking donations and matching blood types
- Developed using PHP and MySQL

5. EMart – Online Grocery Store (Frontend Group Project)
2024
- Designed user interface for an online grocery store
- Group project focused on frontend UI/UX
- Built with HTML, CSS, and JavaScript

6. GiftHub – Online Gift Store Platform
2024
- Designed an e-commerce frontend for gifting platform
- Focused on product display, search, and responsive UI
- Created using HTML, CSS, and JavaScript

7. HealthOK – Hospital Management System
2024
- Patient and hospital record management system
- Built using Microsoft Access with forms, queries, and reports
- Automated data entry and appointment scheduling

8. Momentum – Travel Website (Frontend)
2024
- Responsive travel agency website UI
- Included destinations, packages, and contact forms
- Developed using HTML, CSS, and JavaScript

EXTRACURRICULAR ACTIVITIES

- Project Presenter at final-year project demonstrations (e.g., Hospital Management System at ATI)
- Peer Tutor for English, Sinhala, and IT subjects (Grades 4–9)
- Participated in coding workshops and tech meetups organized by institute or online
- Active team member in group-based IT and web development projects
- Assisted in organizing school/college events and presentations
- Created and managed small freelance websites for local needs
- Volunteered in community support or educational programs (if applicable)
